KAVLYR

BUILT AT INVESTMENT GRADE

Heavy-duty transit buses engineered for durability, safety, and long-term performance.

HEAVY-DUTY DURABILITY BUILT | ULTIMATE FLEXIBILITY

Built for operators who demand more from their fleet — more strength, more reliability, and fewer long-term maintenance issues.

ENGINEERED TO LAST

KAVLYR is built differently — eliminating common failure points in transit vehicles.

STRUCTURAL STRENGTH

Fully Welded

- 1.5” x 1.5” Steel Cage Frame for Strength and Insulation
- Fully Welded Structural Design for long-term durability
- Reinforced Crossmembers to extend vehicle lifespan

Corrosion Protection

- Fully Powder-Coated Body Structure to prevent rust
- Pressure-Laminated Upper Sidewalls
- Azdel-to-Filon Sidewall Exterior Upper Panel Plus Lower Fiberglass Skirts for Strength, Leak, and Rust Elimination

Built for Longevity

- Fully Welded Skirt Construction
- 7-Year Subfloor Warranty
- 5-Year / 100K Mile Structural Warranty

Proactive engineering designed to reduce downtime and extend fleet life.
